

GOLDEN MOON DISTILLERY

Golden Moon Amer dit Picon

Golden Moon Amer dit Picon is produced using the finest hand-selected herbs, spices and botanicals from around the world. We have recreated the original manufacturing processes and acquired the original type of ingredients used by legendary distiller Gaetan Picon to create his amer (bitters) in the 1830's while serving as an apothecary for the French Army in North Africa. The amer that Gaetan Picon created went on to become one of the most famous liqueurs ever made. We have worked diligently to make Golden Moon Amer dit Picon a product that Gaetan Picon would have been pleased to drink and have done so in his honor. Bottled unfiltered and at 78 Proof (the same as Gaetan Picon's amer), Golden Moon Amer dit Picon is the perfect ingredient for the legendary Picon Punch, the Brittany cocktail, the Brooklyn cocktail, Amer Bier (Beer with Golden Moon Amer dit Picon) and a host of other classic cocktails. It can also be enjoyed by itself.

Distilled in Colorado
