

CORSAIR

DISTILLERY

ABOUT

61% Malted rye, 4% malted chocolate rye, and 35% malted barley make up the grain bill of this rich, delicious whiskey. Unlike many other rye whiskeys, we do not use corn to fill up our grain bill, choosing instead malted barley which means Corsair Dark Rye is technically both a rye whiskey and a malt whiskey. This produces exceptionally smooth rye whiskey with chocolate, coffee and spice instead of green notes common in most ryes

Corsair never uses artificial flavors or colors, achieving superior flavor and color through quality malted rye and barley, innovative distillation and small barrel maturation.

PRODUCT FEATURES

From the original American Craft Distiller
Expression of Corsair's desire to do things differently
Chocolate rye and malted barley – no corn
Made 100% in house at our distillery – never sourced

KEY SELLING POINTS

No corn filler in grain bill
Balanced flavor of rye and chocolate notes
Not polarizing like typical ryes
Versatile, can be used like a typical rye or like a single malt

TASTING NOTES

Rye and citrus fruit forward nose with a hint of chocolate. Chewy, viscous mouth feel with rye malt spice and oak sweetness on the pallet. Subtle chocolate and spice notes followed by a clean rye finish and a lingering chocolatey rye after tone.
