

GOLDEN MOON DISTILLERY

GOLDEN MOON GIN

Golden Moon Gin is Distilled using the finest herbs, spices and botanicals available, including wildcrafted juniper and locally grown herbs and botanicals from the Great State of Colorado.

Golden Moon Gin was created after distiller Stephen Gould tasted a sample of a late 1800s herbal gin several years ago. After tasting this gin, Mr. Gould began experimenting with various historical gin recipes and production methods from the late 1700s and 1800s, along with combinations of herbs, spices and botanicals. The end result, Golden Moon Gin, is a unique herbal gin with a slight sweetness. So smooth it can be enjoyed neat yet it mixes well making it ideal for classic cocktails.
