Domaine du Vistre is located in Vauvert, in the Gard, where the Dupret family has been making wine for 6 generations. Today Rémy, Benoit and Mathieu Dupret make wines in the purest tradition and with respect for the environment. The work on the soils and the control of the yields produce quality wines with respect of the environment. The soils are rich in boulders and pebbles from the river Le Vistre and covered with alluvial minerals.

The family is committed a philosophy of respect for tradition and the environment, convinced, that the care for the land is the guarantee of the ecological, economic and social sustainability. The winery and vineyards are part of the Camargue Biosphere. The pink flamingo has the largest point of breeding in the western Mediterranean in the Camargue and it has become an emblem of the region and for Mas du Vistre.
