

HANDCRAFTED BY THE COAST,  
WHILST DREAMING OF THE MOUNTAINS.

Located in the tropical woodlands of Candepar, Goa, Pumori is handcrafted at the family run Fullarton Distilleries. Envisaged as an elixir - born from a rich heritage of botanicals handpicked from across the Indian subcontinent.

Christened after Mt. Pumori, the "Daughter of the Everest", this small batch gin earns its character from a bouquet of Himalayan juniper & a carefully selected melange of Indian botanicals.

A gin that lets you  
experience the tranquility of  
the coasts and the mountains.
