Merlet Trois Citrus

An Original Recipe

- Combination of maceration and distillation of different citrus varieties: bitter orange, blood orange and lemon

An Unique Elaboration Approach

- The peels of each citrus variety are separately macerated into neutral alcohol.
- The juice from the bitter orange peels maceration is then distilled through a specific pot still.
- This bitter orange essence is in the end blended to the blood orange and lemon peels macerations.
- To this blend is then added some sugar to balance the overall.
