Vinito is a Premium Sangria crafted with only high quality estate Garnacha and Tempranillo grapes from our own vineyards in Valencia, and naturally extracted citrus from the region.

Our vineyards, located at approximately 2,300 ft of altitude, are sustainably farmed. We cultivate with only low yields and minimal environmental impact. The grapes are hand harvested, soft pressed and macerated with their skins. The winemaking is traditional, with no additives. All the ingredients are 100% natural. Valencia is renowned for its world class oranges and citrus.

We have kept this traditional sangria recipe unchanged since 1944 to offer you a classic and authentic Spanish tradition. Smooth, with luscious ripe red fruit flavors and a hint of citrus, Vinito is best served chilled and in the company of friends. Cheers!
