GROWERS

Carles Sumarroca family has the largest single vineyard in Alt Penedes, formerly owned by the Marques de Moristrol. Carles is a farmer who in his words accidentally became an industrialist. He has pioneered sustainable farming techniques and champions viticultural diversity with his vineyards of the world project and his extensive nurseries.

LAND

Sourced from the Santa Creu (Holly Cross) section of the Sumarroca 403.8ha estate in Alt Penedes. This plot of land is only 5.5 hectares at an altitude of 984 feet. Soil is gravel and limestone.

FARMING

Sustainably farmed, vineyards are not irrigated and are only treated with natural elements. Biodiversity of plants and wild flowers is encouraged so the vines grow in a more natural state. Vines are trained in Double Royat. Hand harvested in late August.

WINE

100% Pinot Noir. Made from Free run juice (mosto flor) - Maceration 12 hours. Soft strawberry fruit with good acidity not very concentrated but a pleasure on a warm day.

FOOD

Snails, shrimp, tuna, most sauces!
